

Krezip, Everything Of Me

I wish I would know
Wishing I could know
What it takes to get me back again
But could you write in the sky
All just try to tell me why
Cause it seems like you seem everything
I hope I will be
Hoping I will see
What it takes to get me back again
Now could you write in the sky
All just try to tell me why
Cause it seems like you seem everything of me
Of me
Now could you write in the sky
All just try to tell me why
Cause it seems like you seem everything
Everything of me
