

Krezip, Give My Life

it's stuck inside my mind so nice
nothing else that makes me laugh
i have tried to put it all a little bit away, yeah
tried to get it out of my mind
i never have to walk alone
there is always someone next to me
i know that this is our best time, yeah
and i hope that it will take us long
on and on
'cause together we'll stand strong
hey, i'd give my life
keep on running before i'll hide
with you, hey, with you
think about it all the time
wishing it would last for years
i didn't think we'd get this far
'cause sometimes it is just too hard
on and on
'cause together we'll stand strong
hey, i'd give my life
keep on running before i'll hide
with you, oh
without you i'm everything to blame
then no one will look at me like this
it's all of you that make me
feel as i do now, go on and on and make me feel
on and on
'cause together we'll stand strong
hey, i'd give my life
keep on running before i'll hide
with you, oh, with you, oh
(alleen bas)
on and on (on and on)
'cause together we'll stand strong (we'll stand strong)
hey, i'd give my life (give my life)
keep on running before i'll hide
with you, oh, with you, oh
(solo)
with you, oh
with you, oh
