

# Krezip, That'll Be Me

chorus

You cant love him  
For hes already mine  
And I wont let you  
Two is too much and I am his one  
I fell in love with an angel  
He will just do anything for me  
So girl I understand why youre trying  
But he only loves one and thatll be me

chorus

You cant love him  
For hes already mine  
And I wont let you  
Guess you didnt see he only needs me  
You cant pretend that its not true  
I understand that girl so its ok  
I listened to your story now go, go, go  
Cause we would like to have some time of our own

chorus

You cant love him  
For hes already mine  
And I wont let you  
Youve had your chance and now it is mine

solo

chorus

You cant love him  
For hes already mine  
And I wont let you  
Hell just have one and thatll be me
