

Krezip, Where Are You Now

As I look back on the things you have said in the past
I hear you talking, trying to make me understand
That you're better than me
That you're stronger and wiser
It made me think that you must have been out of your head
But now I know that you really don't know who I am

I am better, I'm stronger, I'm wiser
And I am flying high
Now I've got everything I want, everything I need
After all those times you've tried to push me around
Tried to pull me down, where are you now
Where are you now

You thought I'd be lost now
Without you to hold on to my hand
But you're mistaken
I finally know who I am

I am better I'm stronger
I know what I want
I'm wiser I'm smarter
I know how to get there

I'm flying high
Now I've got everything I want, everything I need
After all those times you've tried to push me around
Tried to pull me down, where are you now

Everything I want
Everything I need
After all those times you tried to push me around
Tried to pull me down, where are you now
Where are you now

You were mistaking
I finally know who I am
I'm everything I want
Everything I need
After all those times you've tried to push me around
Tried to pull me down, where are you now
I've got everything I want
Everything I need
After all those times you've tried to push me around
Tried to pull me down, where are you now
Where are you now
