

Kris Kristofferson, I'm Down (But I Keep Falling)

Written by kris kristofferson and rita coolidge

Hey, fairweather friend,
You know you can bend me
I dont wanna break
Hey, lend me a hand
Something I can lean on
til Im strong enough to
Make it...

cause Im lost, but Ill be lookin
Ive been hurt, but I keep on hopin
cause Im down, but I keep fallin
Fall in love with you
Fall in love with you.

Take all you can find
Any way you want to
Easy as you can
Leave something behind
Love enough to live on
til Im strong enough to stand it
On my own...

But Ill be lookin
All alone--but I keep on hopin
cause Im down, but I keep fallin
Fall in love with you
Fall in love with you...
