

Kris Kristofferson & Rita Coolidge, I'm Down (But

Hey, fairweather friend,
You know you can bend me
I don't wanna break
Hey, lend me a hand
Something I can lean on
'til I'm strong enough to
Make it...

'cause I'm lost, but I'll be lookin'
I've been hurt, but I keep on hopin'
'cause I'm down, but I keep fallin'
Fall in love with you
Fall in love with you.

Take all you can find
Any way you want to
Easy as you can
Leave something behind
Love enough to live on
'til I'm strong enough to stand it
On my own...

But I'll be lookin'
All alone--but I keep on hopin'
'cause I'm down, but I keep fallin'
Fall in love with you
Fall in love with you.....
