

Kris Kristofferson, You're Gonna Love Yourself In

Heaven knows some man has abused you that's why you think I'm gonna use you
You say you'd hate yourself in the morning cause you wake up and I'd be gone
But if you give me just one more chance I can prove you're wrong
You're gonna love yourself in the morning I'm gonna love you all night long
You're gonna love yourself in the morning and every morning from now on

I know what you're thinking and I don't blame you
It's gonna take a whole lotta love to change you
When you wake up in the morning you're gonna feel like a brand new girl
You're gonna see that it can be such a beautiful world
You're gonna love yourself in the morning...
You're gonna love yourself in the morning and every morning from now on
