

# Kris Wu, Tough Pill - English Version

As soon as I hit the streets  
People on look out for me  
I'm trying to live it up modest  
Not the typical thing that you see  
When I'm moving fast  
I camouflage  
Getting tied up in the hot seat  
I got my own  
Nah I can't be cloned  
And I set the tone  
When the dark is out  
You won't see no stars like this  
No one's raising the bar like this  
And if you're doubting  
Point em out  
And send them round  
Ask 'em if they know me yeah yeah  
Sometimes I just wanna be alone

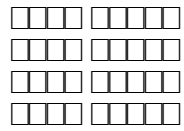

Two cents you can keep the change  
Penny for your thoughts  
I'mma stay the same  
Try to poke a man, on the go  
Wanna catch 'em slip  
And end 'em like a game  
Tell 'em I'm a man  
Ordinary with extraordinary gifts I know ya know  
Writing stories just to talk about me  
Go head talk about me cause it's all a show

Truth can be a tough pill to swallow  
Something 'bout fame make 'em act so shallow  
Taking shots at me like a hollow  
Oh yeah  
Yeah  
Truth can be a tough pill to swallow  
Something 'bout fame make 'em act so shallow  
Taking shots at me like a hollow  
Oh yeah

Fans on fans taking pictures all day  
Pull up to the crib people in my driveway  
All these new faces man I don't know y'all  
Got me up and down like a roller coaster  
I've been on the road gettin' to the money  
What you want me to do  
It's all on me walk in my shoes  
Life chose me  
I ain't have to choose

Two cents you can keep ya change  
Penny for ya thoughts  
I'mma stay the same  
Try to poke a man, on the go  
Wanna catch 'em slip  
And end 'em like a game  
Tell 'em I'm a man  
Ordinary with extraordinary gifts I know ya know  
Writing stories just to talk about me  
Go head talk about me cause it's all a show  
Oh yeah  
Truth can be a tough pill to swallow  
Something 'bout fame make 'em act so shallow  
Taking shots at me like a hollow

Oh yeah

Truth can be a tough pill to swallow  
Something 'bout fame make 'em act so shallow  
Taking shots at me like a hollow  
Oh yeah  
Yeah  
Truth can be a tough pill to swallow  
Something 'bout fame make 'em act so shallow  
Taking shots at me like a hollow  
Oh yeah
