Krisiun, Sacrifice of the Unborn

Eternal blackest night spreadin' the seeds of doom the downfall of heaven drowning into the abyss infestation of damnation among the fear of decay storms of degradation blasting the world of God

Hymn of the damned echoing throughtout the devastation embebed on sick blood ripped miserable beings praying to nothing awaiting in vain deadly plague inside mankind the holocaust has been concieved victims of God's will witness of their own death

Unconscious slaughtered and lost final march of a last race guided by instinct searching for the light that never comes no rest for the cursed ones absolute horror of forgotten sacrifice of the unborn

Eternal blackest night spreadin' the seeds of doom the downfall of heaven drowning into the abyss infestation of damnation among the fear of decay storms of degradation blasting the world of God
