

Krispies, Solid Gold Rockstar

I know, you know
You're going to, you're going to
Nowhere, nowhere
Where nothing's new, nothing's new
Go on, Go on
You're looking good, looking good
So long, so long
Can't mess with you, can't mess with you
A lazy boy and warm bed are hard to part
You know, you know
Who is who, who is who
Everyone is trying to get their hands on you,
Their hands on you
