

Kristen Barry, Take It Away

Take it away
My plate is full
And I won't take anymore from you
'Cause I opened this one
I brought you to me
I took it too far
So I better leave now
Don't look at me
Don't you speak
Don't you give
Don't give anything to me

'Cause I'm so blind I can't think
And I'm so sick I can barely breathe
And you
You are choking me
You
You are pulling me
You

You put your chains on me It was only a dream
And one of us
One of us has to leave

Is it breaking you
Like it's breaking me
Is it breaking you
Like it's breaking me
Is it breaking you

I'm sorry
I'm sorry
But I loved you
I still do

Is it breaking you
Like it's breaking me
Is it breaking you
Like it's breaking me
Is it breaking you

Take it away
