

Krister Linder, Nothing Ever

she says
everything
everything
always

he says
nothing nothing
nothing nothing
ever
ever

she is
all around
all around
always

he is
nothing nothing
nothing nothing
ever
ever

whatever never was is over
whatever never happened is done
no need to run
this nothing can be fled forever
but eventually we'll come around
and face the one
then our search and journey has ended
the split is gone
whenever we're ready
the abyss awaits in the black sun

where there's
nothing nothing
nothing nothing
ever ever

simply
nothing nothing
nothing nothing
ever
ever
