

# Kristin Hoffmann, Falling

Mysterious fire  
You came to me unexpected  
Darkened by grace, light by your touch  
I grab too hard

Will you catch me  
When I'm falling down in your love?  
It will be the greatest sacrifice  
Of this selfish heart

Mysterious fire  
You burn in me, you make me want  
I taste desire, I know your face  
But I look too long

Will you catch me  
When I'm falling down in your love?  
It will be the greatest sacrifice  
Of this selfish heart

No veil of fear can hide me  
All my life, hoping to find myself in you

Will you catch me  
When I'm falling down in your love?  
Will you catch me  
When I'm falling down in your love?  
When I'm falling, I'm falling...
