

Kristine Sa, A Dose Of You

If I whispered, what if I confessed
That I'm lonely without you
And if I asked you to stay for the night
'Cause I'm crazy about you
And if all I'm asking is too much
All I need is your warm touch
God knows, all I need is just one dose of

Your love, your taste
Your smile, your face
And one word is enough
All I need to get through the night
Is your love (your love, love)

(Oh yes I do, you love, love)

So if I found you and surround you
One evening in one magic dream
And if I promised, would you promise too
That you love's what it seems
And if all I'm asking is absurd
And all I'm wanting is unheard
Oh God knows all I need is just one dose of

Your love (your love), and your taste (your taste)
Oh your smile (your smile), your face
And one word is enough
All I need to get through the night

Oh why can't you understand, it's not a crime to hold my hand
Well you kissed me a million times before, baby do it just once more

Your love and your taste
And your smile, your face
And one word is enough
All I need to get through the night
(All I need) is your love

(Your love), your taste (your taste)
And your smile (and your smile), your face (I need your face)
And one word is enough
All I need to get through the night
Is your love (I need your love) love

(I need your taste) your love
(I need your smile) baby, baby
(I need your face)
(I need your love to get me through this night)
I need a dose of you to get me through the night
Yes I do baby, I need a dose of you to get me through the night (oh ooh)

Baby all I need (baby all I need)
To get myself through this night (to get myself through this night)
Is just a dose of you (is just a dose of you)
