

Kristy Thirsk, Giant Pedestal

(Thirsk)

stop, i thought i was dreaming
till i got caught on this real life ledge
so if you thought everyone was feeling
could you just not push me to the edge?
when you're way up there
you are way, way up there
stop, i thought i was dreaming
till i got caught on this real life ledge
so if you thought everyone was feeling
could you just not push me to the edge?
when you're way up there
you are way, way up there
stop, i thought i was dreaming
till i got caught on this real life ledge
so if you thought everyone was feeling
could you just not push me to, to the edge?
when you're way up there
you are way, way up there
