

Kristy Thirsk, Hourglass

(Hiratzka/Thirsk)

tick, tock
life is not a race, there's always time
let her go, let her go, let her go, it's only time, only time
i distress, give it away
make it last, not every day
you want to be safe
liberate yourself from trouble
let your thoughts, want her today
take your claws, throw them away
no alarm, leave it to fate
trust me i am on the level
life is not a race, there's always time
let her go, let her go, let her go, it's only time, only time
i distress, give it away
make it last, not every day
run along, leave it to fate
trust me you will feel much better
life is not a race, there's always time
let her go, let her go, let her go, it's only time, only time
the hourglass is broken, it's a sign
let her go, let her go, let her go, it's only time, only time
life is not a race, there's always time
let her go, let her go, let her go, it's only time, only time
the hourglass is broken, it's a sign
let her go, let her go, let her go, it's only time, only time
