

Kroki, Cover Me

I did wrong, I did wrong
my heart, heart bleeding
Now I know, now I know
I told you, I told you

It's not me, no not me,
that's my body
I deny, I deny every day,
that's not me, no not me, no not me

This day will come, day will come
and I will peak you
exactly how I did years ago, years ago

don't patronize me, don't patronize me
I will show you, X
that's not me, that's no not me, no not me

Cover me, like the moonlight at night
torture me,
Cover me, like you used to, friendly
torture me

I refuse it all, refuse it all
my own understanding
bleeding heart, bleeding heart
I told you, I told you

I use my neck to hold it all
your quotes about my consciousness
like obsession

I believe you are on my side,
I believe you are on my side,
stand by me
stand by me
that's not me, no not me

Cover me, like the moonlight at night
torture me,

Cover me, like you used to, friendly
torture me
