

# Krokus, Ready To Burn

It's gettin' so late now, I'm headin' for the city  
I've got a date and she's so pretty  
Jump in my car and no hitchin' for a ride  
Goin' to hit that high speed all the time

Aaaahhhh  
Are you ready to burn  
Ready to burn  
Are you ready to burn  
Ready to burn  
Aaaahhhh  
Are you ready to burn  
Ready to burn  
Are you ready to burn  
Ready to burn

She's got chrome wire wheels, bucketseats made of leather  
She's as tough as steel and light as a feather  
You feel the power as you touch the pedal  
She's hot as hell, she's real heavy metal

Chorus

She's got plenty of power, she feels real good  
Well put together for the neighborhood

Aaaahhhh  
Are you ready to burn  
Ready to burn  
Are you ready to burn  
Ready to burn

Are you ready to burn  
Ready to burn  
Are you ready to burn  
Ready to burn

Aaaahhhh  
Are you ready to burn  
Ready to burn  
Are you ready to burn  
Ready to burn  
Aaaahhhh

Hit the road Jack
