## Krokus, Rock The Block

Well the sky is grey, streets are cold And it's rainin' in my head

Stayin' at home is drivin' me nuts Gotta boogie thru' the life out there!

Can't let bad weather mess up great plans for a wild weekend

Gotta meet my friends at the Rock Cafe on the corner of the city gate

There's a place open all night

Music is loud and the girls make eyes

We'll rock the block

We'll rock the block-block-block, one, two, three

We'll rock the block

'Cause we can't let the rain screw up all this fun

We'll rock the block

Yeah yeah! Take it away!!

We'll rock the block

The neighbourhood

Oh yeah!

We're gonna shake it!

We're gonna make it!

Gonna shake it!

And gonna rock it!

Shake the neighbourhood

Ah ha ha

We're gonna rock, rock, rock!!!
