

# Kronos, Enslaved By The Madness

Madness, cancer of the rain  
Like worms on a carrion  
Like ravens on a corpse  
Like wolves after their prey  
Like vermin on the guts  
Like vampires on the blood  
Like cannibals on the flesh

Enslaved by the madness

Lost control on a human machine  
Eaten by schizophrenia and paranoia  
Painful cries and screams of terror  
The whirlpool of your brain

Pain, cries, unleash my head  
Crows shout, sound of their wings  
Mad, weak, infernal torment  
I must die !!!  
Death, fallen in a black hole  
Time, space, forever ended  
No end !!!

Snakes creep inside, crows fly above, schizophrenia  
Suffocation, possession, paranoia

Madness, cancer of the...brain...
