

KRS-One, Squash All Beef

Hah, respect!
All crew, all massive, everywhere in the world
You practice the art of hip-hop
This goes out to every boy and every girl

Give me relief! I sing!

Give me relief! Squash all beef!
Don't let these arguments destroy us! I sing!
Give me relief! Squash all beef!
Don't let these arguments destroy us!

Check it
All beef can be squashed if you want it
But instead of forgiveness, ego you flaunt it
Everybody gets into two or three quarrels
Leadin to a squabble, someone will die tomorrow
Life is not a thing you can borrow
All beefs don't have to lead to sorrow
will ya, go out tomorrow
I think, you should think about the beef you got
And confront your enemy before it gets too hot
Never feel ashamed, to say, "Yo G I'm sorry
I apologize," the object is to stay alive
