

# KRS-One, Take Your Tyme

[KRS-One]

Y'all don't know? Y'all don't know your body is a temple?  
A temple to the living God? Don't get gassed y'all  
All my sisters out there, here's the truth  
You, a you've got to.. {TAKE.. YOUR.. TIME}  
Look, look!

You don't want no unsteady relationships, you want it tight  
You don't want no man beggin and always gonna get, am I right?  
You don't want no man sleepin cheatin freakin behind his wife  
There's no such thing as make love, it's really make life  
I don't care what nobody say; you sleep with a man, that's your husband  
So make sure, before you lay down, you love him  
And learn him, yes it's still sacred to be a virgin  
Relax, it's curiosity that always burns 'em in fact  
Sex is like candy, be disciplined, no splurgin  
You don't want your stomach hurtin  
Girl, you gotta.. {TAKE.. YOUR.. TIME}  
Listen!

Cash is an issue with that he can never diss you  
Even if he makes you cry, you bought your own tissue  
witcha own case, witcha own hand, wipe ya own face  
And throw him out, no doubt, out of your own place  
If your heart is broken you can mend it  
If you're independent, your womanhood, that's when you defend it  
Just.. uhh, just {TAKE.. YOUR.. TIME} woo!  
Look!

{TAKE.. YOUR.. TIME}

Don't come witcha hand always out  
If he buys you somethin thank him, but that's not what a man is about  
Real men are real friends, showin their real commitment  
He tells you he really loves you, a boy can't really admit it  
If a man really wants you, that man really flaunts you  
In public or private a real man really supports you  
'Member what Guru taught you? Of course you "Royalty";  
You dress how you like when a QUEEN is what you ought to be  
and ought to act like, and also ought to manifest  
How you dress makes you constantly blessed, or constantly stressed  
{TAKE.. YOUR.. TIME} Yo!

{TAKE.. YOUR.. TIME}

Yo, yo  
So while you burnin off those calories, think about reality  
Get a skill for the salary, a man for the family  
Not a boy, that's a catastrophe, don't get mad at me  
Instead of always clubbin visit museums and art galleries  
Pick the single man, admirin the ancient sculpture  
He's cultured, chances are he won't insult ya  
Give him your number only after you know what he does  
Ask him what it is, not what it was  
You want the good life (GOOD LIFE)  
You want the good life (GOOD LIFE)  
You want the, you want the, you want the  
C'mon, you gotta {TAKE.. YOUR.. TIME}
