

Kru, More Than Forever

(Spoken) Hey, you know what?
It's about that time

Oh, oh, oh, ohhhh
Oh, ooohhhh

If I had
A thousand years to love you
I would need at least
A thousand more
So much love
Inside I wanna give you
You're all I'm living for

Darling, you, a lifetime ain't enough to love you
Oohhh, there's not enough time
To have you here beside me, oohh (Have you here beside me)
If I could

I would give you
More than forever
I would love you
Long after the end of time
I would give you
More than forever (Ohhh)
More than the rest of my life
If that's what I could do
I'd be loving you
More than forever (Forever, ooohhhh)

And if I had
A million of your kisses
That wouldn't be enough
To get me by (Ooh, baby)
It's gonna take more than a lifetime of your kisses
To keep me satisfied

Darling, you, a lifetime ain't enough to love you
Oohhh, there's not enough time
To show you what I'm feeling (Show you what I'm feeling)
If I could

I would give you
More than forever
I would love you
Long after the end of time (The end of time)
I would give you (I would give you)
More than forever

More than the rest of my life (My life)
If that's what I could do (If that's what I could do)
I'd be loving you
More than forever

More than the rest of our time
Because it's your love
I can't get enough of

(Spoken) Hey, baby, you mean so much to me
There's not enough ways to show you (Oohh, ooohhhh)
The way I feel inside

Darling, you, a lifetime ain't enough to love you

Oohhh, there's not enough time
To have you here beside me (Have you here beside me)
If I could

I would give you
More than forever
I would love you
Long after the end of time
I would give you (Oooohhhh)
More than forever (Oooohhhh)
More than the rest of my life (The rest of my life)
If that's what I could do (If that's what I could do)
I'd be loving you (I'd be loving you)

I would give you (Oooohhhh)
More than forever
I would love you (I would love you)
Long after the end of time (I would love you)
I would give you (I would give you forever)
More than forever (I would love you forever)
More than the rest of my life (Than the rest of my life)
If that's what I could do (Oooohhhh)
I'd be loving you (More than forever)

I would give you (Ohhhhhh)
More than forever
I would love you
Long after the end of time (The end of time)
I would give you (I would give you)
More than forever (Oooohhhh)
More than the rest of my life
If that's what I could do (If that's what I could do)
(till fade)
