## Krux, Lex Lucifero

There's a dead man in my bed Got no legs, got no head Darkness lackeys underneath Satan's offspring licks my knees

A ring of demons around my bed Curse the life that I have lead

Something nasty's soiling my sheet Spawn of evil at my feet Horns and claws, rotten nose Hell is sucking on my toes

A ring of demons around my bed Curse the life that I have lead As I fill my life with fear I clearly see the end is near

Satan's smell is in my room A place to sleep becomes a tomb Demon voices speak as one Hell is fire, shit and sand
