

# Krypteria, Out Of Tears

The flood is rising, Im deep within, the ground starts sliding now its time for me to sink or swim  
Cant find the shoreline, God knows Ive tried - Im close to drowning in the ocean I cried  
Too late for me to stop this seething tide

Im out of tears was it worth it ?

No tears to cry over you

Im out of tears but youre still thirsty - no tears cause Ive wasted all I had on you

You cant imagine how bad it hurts - the fact you sucked the lifeblood off my eyes just to quench yo

Im going under, youre high and dry - still Im close to drowning in the ocean I cried

Too late for me to stop this seething tide

Im out of tears was it worth it ?

No tears to cry over you

Im out of tears but youre still thirsty - no tears cause Ive wasted all I had on you

Im out of tears was it worth it ?

No tears to cry over you

Im out of tears but youre still thirsty - no tears cause Ive wasted all I had on you
