

Krystal Meyers, Anticonformity

It's all around
Pressure from my so-called friends
It's all around
I'm measured by some stupid trend
It's all around
Everyone is just like them
It's all around
It's all around
It's all around

(Chorus)
So I'm anticonformity
I don't try too hard to be
I'm not what you think you see
Inside I've made a change
And I'll never be the same
No way!

They conform
Un-individuality
They conform
Forget about variety
Yeah, they conform
They don't know what they believe

They conform
They conform
They conform

(Chorus)
So I'm anticonformity
I don't try too hard to be
I'm not what you think you see
Inside I've made a change
And I'll never be the same
No way!

Image is overrated if it washes off in the rain
You know you gotta go deeper to go against the grain

(Chorus 2X)
So I'm anticonformity
I don't try too hard to be
I'm not what you think you see
Inside I've made a change
And I'll never be the same
No way!
