

Krystal Meyers, Shine

The way we look tonight
I know Nobody else could get in the way this time
Just can't stop the light
I know Nobody's gonna get in the way of my...
It's futuristic, kinda mystic
But I like it, like it
It's so realistic, thought I missed it
Till I tr-tr-tried it
And it won't let me go
It's not that typi-typical
Ain't nobody rock
Electric shock
Could get this glow
The way we look tonight
I know nobody else could get in the way this time
Just can't stop the light
I know nobody's gonna get in the way of my shine
Wo-oh
Cyberdelic
Hyperstatic
I'm in orbit alright
You've got me feelin' like a million
Got me flyin' so high
I-I just can't help myself
It's You nobody else
I-I just can turn it down
Let it fade or burn it out
The way we look tonight
I know nobody else could get in the way this time
Just can't stop the light
I know nobody's gonna get in the way of my shine
The way we look tonight
I know nobody else could get in the way this time
Just can't stop the light
I know nobody's gonna get in the way of my shine
Wo-oh
You can't get in the way of my shine
Get in the way of
You can't get in the way of my shine
You can't, you can't
(Oh)
You can't get in the way of my shine
(Oh)
Get in the way of
(Oh)
You can't get in the way of my shine
(Oh)
You can't, you can't
Cyberdelic
Hyperstatic
I'm in orbit alright
You've got me feelin' like a million
Got me flyin' so high
I-I just can't help myself
It's You nobody else
I-I just can turn it down
Let it fade or burn it out
The way we look tonight
I know nobody else could get in the way this time
Just can't stop the light
I know nobody's gonna get in the way of my shine
The way we look tonight
I know nobody else could get in the way this time
Just can't stop the light

I know nobody's gonna get in the way of my shine
Wo-oh
You can't get in the way of
(I'm in orbit alright)
You can't get in the way of
(Got me flyin' so high)
You can't get in the way of
(It's You nobody else)
You can't get in the way of my shine
You can't, you can't
(Got me flyin' so high)
(It's You nobody else)
