

Krystal Meyers, The Way To Begin

Dear God
It's me again down here
Don't wanna sound insincere
I'm lost
Sometimes you're so unclear
What can I do?
I'm feeling so far from you

Frustrated
Irritated
Disconnected from it all
The weight of the world
Has pushed me to the wall

~Chorus~
I surrender
To you I'm giving in
Come take me
Save me
I want to start again
I'll open my broken heart
'Cause I've reached the end
And you are the way to begin

I've seen a million empty smiles
Living in denial
I don't wanna live like that
Where nothing's real
I hate how it is to feel

Frustrated
Irritated
Disconnected from it all
I'm breaking
I'm aching for something beautiful

~Chorus~

All the riches in this world
Couldn't fill this great big hole
It takes something so much more
Only you can take me
You can make me whole

~Chorus~
