

Krystal, When You Hurt

I desire you for you
To understand
I wanna be there when
You need a friend
Let me be the one
You cry to
I know that I can truly
Make you happy

Cuz when you hurt you know I hurt just as much as you do
And when you hurt you know I hurt with you
I hurt with you

Dont believe all the things
People say
About me cause they
Will tear us apart
I just wanna be with you
So that we walk together
For worse or for better
I know that we can make it

Cuz when you hurt you know I hurt just as much as you do
And when you hurt you know I hurt with you
I hurt with you

Cuz when you hurt you know I hurt just as much as you do
And when you hurt you know I hurt with you
I hurt with you

You gotta believe
Put your trust
In me
All it takes is faith
I will help you believe
(I will help you believe)
