

Krzysztof Krecf, Disaster

1. When will this show end?

I'm sick of this game

Only i am not smiling here?

I was so enchanted

Sure of these feelings

But you crushed me and threw me into a corner

Ref: I don't know how

I don't have the strength to go on

I don't want to be here anymore

I'm still hiding - it's a disaster

2. I know that I have not always been honest

And I know that everything you say is true

Who do I want to cheat?

I'm not counting days anymore

But you have never been honest with me

Ref: I don't know how...

I know you're trying but it's not enough for me

Maybe someday, someone will treat me better than you did
