

# KSI, Voices (feat. Oliver Tree)

I let go  
Every time I hear those  
Voices in my head, my head  
I run home  
Every time I get those  
Voices in my head, my head

Don't let me down  
Don't say you miss me now  
'Cause I've been tryna figure out  
Why you still in my mind, you in my mind  
I been drivin' around  
This good for nothin' town  
It helps me not to think about  
Oh where you sleep at night

Now I'm layin' in bed here without you  
And I can't stop dreamin' about you  
Wanna close my eyes and watch us drift away  
Oh, yeah

I let go  
Every time I hear those  
Voices in my head, my head  
I run home  
Every time I get those  
Voices in my head, my head

I try to hide  
The pain you put me through  
I tell myself it's fine  
Another one night stand will do  
I'm turnin' off the light so it's dark inside my room  
And then I close my eyes, pretendin' that it's you  
I wish my memory was deleted  
My heart's in a hundred pieces  
In my head I hear you screamin'  
It wakes me while I'm sleepin'

Now I'm laying in bed and I'm without you  
And I can't stop dreaming about you  
Wanna close my eyes and watch us drift away  
Oh, yeah

I let go  
Every time I hear those, hear those voices  
Voices in my head, my head, oo-oo  
I run home, I run home  
Every time I get those, I get those  
Voices in my head, my head  
My head, in my head

Woo-oooh, woo-oooh, ooh, ooh..  
Ooh, ooh, ooh, voices in my head  
Woo-oooh, woo-oooh, ooh, ooh..  
Ooh, ooh, ooh

Woo-oooh, woo-oooh, ooh, ooh...
