

# KT Tunstall, Black Horse & The Cherry Tree

Under my feet  
Miles of nothingness  
Testing my senses

Strange as it seems  
Feels as if I've been  
Here before

It's beautiful  
So simple  
Like black and white

I said goodbye  
Waving with a smile  
As I left the planet

The message was short  
My radio was old  
As the universe

It's in the paper  
The picture  
In black and white

And when I look through  
The window  
It's black and white
