

# Kuba Badach, Wall of Kindness

My boy,  
Please don't grow  
Let go of tomorrow  
First step  
Means first fall  
And there's no one to follow

This game we're playing  
Is endless bluffing  
With some rules  
To obey  
Collect good luck coins  
And just be grateful  
That you can play

This world wasn't made  
for your appreciation  
Its beauty can fade  
Between all the tensions

But don't you worry  
We're all in transit  
From naïve  
To insane  
Just stick to loving  
Eat what you crave for  
And misbehave

Don't give up when you feel this  
Common sorrow  
Laugh out loud and dance as if  
There's no tomorrow  
Scream and shout  
Be wise and brave  
Don't let them win  
This war of silence  
Cause wall of kindness fell down

My boy,  
Live it well  
These days  
Of confusion  
When tears feel like pain  
And hugs give you bruises

This world is burning  
With help of people  
Cold in heart  
But hot in fist  
Stay out of the fire  
Wear a suit of armour  
And travel safe
