

Kula Shaker, Moonshine

Long lonely moonshine cast your gaze upon the ground
So lost in my mind, lost in blue light all around
And I feel so unsure on the way
You and me at the end of the day

And my love it feels like you have flowered
And now I'll know I'll never be the same

Long golden moon light makes me feel like I belong
Lost in the evening in this feeling nothing is wrong
And I feel so unsure on the way
You and me at the end of the day

And my love it feels like you have flowered
And now I'll know I'll never be the same
Well now I'll know I'll never be the same

And my love it feels like you have flowered
And now I'll know I'll never be the same
Well now I'll know I'll never be
Well now I'll know I'll never be the same
