## Kula Shaker, Start All Over

Dancing in your shadow I was riding in a different state of mind No-one can perceive the state I'm in it's like the living world is blind It's a feeling like no other, spending easter with your mother darling It's a freaky roller coaster ride

Well if you know the feeling baby, peel me off the ceiling baby Did you know that planet earth was blue, turning blue Don't you try and talk to me, I'm a spaceman sitting in the sky I'm a sleeping sweetly honey, let the sleeping pretty smart dogs lie Let 'em fly

Wait until tomorrow see the summer sun upon the ocean sky Look to the creator, see the master of magicians fantasise It's a feeling like no other, spending easter with your mother darling It's a freaky roller coaster ride

Well if you know the feeling baby peel me off the ceiling baby Did you know that planet earth was blue, turning blue Don't you try and talk to me, I'm a spaceman sitting in the sky I'm a sleeping sweetly honey, let the sleeping pretty smart dogs lie Let 'em fly
