

# Kwiet Storm, Lights Out, Candles Lit

[Lead:]

Said I cant wait to get home  
I jump on the I95 at a quarter to 9 passed the construction zone  
I'm tyna get home to you  
Its rush hour I  
Just past the towers I  
Jump in the shower now  
Cause I'm ready to go in and out

[Bridge:]

Feel my hands against your thighs  
Watch my nature as it rise  
Down I'll go baby fast or slow  
I'll take my time I'll do it right  
No matter if it takes all night

[Chorus x2:]

Hands on teh bed, feet on the floor  
Silently your moaning, but your body's screaming more  
Lights out, candles lit  
Your legs are steady shakin'  
the headboard we'll be breakin'

[Lead:]

Now I'm gettin deeper inch by inch  
I'm loving the way you move  
Your moaning it sounds so good  
while I'm deep inside of you  
Lately I've been fienin for this  
Been fienin for your kiss  
Come on and ride all day and night  
Baby on top of me ohh

[Bridge]

[Chorus x2]

[Hook x2:]

Down,down,down(wanna)  
Said I wanna go down (wanna)  
said I wanna go down (wanna)  
I wanna do down  
Ohhhh
