

# Kwiet Storm, Reminence

It's funny runnin in to you, after all these years. Girl what have you been up tp, I hope your years w

[Hook:]

When they asked truth, dare, promise, or repeat  
(you picked dare cause dare meant everything)  
And how we always thought that we were meant to be  
(And plus you always had this crush on me)

[Chorus:]

Remember hugging in the doorway  
(to feelin on your leg)  
Kissing in the hallway  
(Hickies on your neck)  
Touching at the movies  
(Hands ova your breast)  
Girl you know what happened next  
Remember grindin at the drive-in  
(Like it was our bed)  
Lickin on your earlobe  
(Fingers through your hair)  
My pants half-way down  
(Yours hangin from one leg)  
Girl you know what happened next

[Verse 1:]

Remembering all the love and things we shared  
These feelings that we bare deep down inside  
is something that I cannot hide  
I been thinking about the love we made and how it felt  
I think I know I need you baby by my side  
Can I have a second try  
Do you remember

[Hook:]

[?] to hide and go seek  
(sneaking through my backdoor coming to see me)  
And almond chocolate covered kisses I brought  
(And layin in between your legs and damnly got caught)

[Chorus:]

Remember hugging in the doorway  
(to feelin on your leg)  
Kissing in the hallway  
(Hickies on your neck)  
Touching at the movies  
(Hands ova your breast)  
Girl you know what happened next  
Remember grindin at the drive-in  
(Like it was our bed)  
Lickin on your earlobe  
(Fingers through your hair)  
My pants half-way down  
(Yours hangin from one leg)  
Girl you know what happened next
