

Kygo, Happy Now (ft. Sandro Cavazza)

We don't wanna believe it, that it's all gone
Just a matter of minutes, before the sun goes down
We're free to admit it, but I know you know, know that
We should've known better, we kept on trying
I just stand now and see it, the fire's dying out
Can't believe that I see this, we're out of chances now
And I just want you to know that

you and me it was good but it wasn't right
and it'll be hard but I know I will make it out
step by step, I'll move on and get on with life
so I let go, and I hope you'll be happy now
you and me it was good but it wasn't right
and it'll be hard but I know I will make it out
step by step, I'll move on and get on with life
so I let go, and I hope you'll be happy now

I hope you'll be happy now
yes, I hope you'll be happy now
I hope you'll be happy now
yes, I hope you'll be happy now
yes, I hope you'll be happy now
I hope you'll be happy now

you and me it was good but it wasn't right
and it'll be hard but I know I will make it out
step by step, I'll move on and get on with life
so I let go, and I hope you'll be happy now
you and me it was good but it wasn't right
and it'll be hard but I know I will make it out
step by step, I'll move on and get on with life
so I let go, and I hope you'll be happy now

I hope you'll be happy now
yes, I hope you'll be happy now
yes, I hope you'll be happy now
yes, I hope you'll be happy now
