

# Kygo, Remind Me to Forget (ft. Miguel)

it never fades away, it's staying  
your kiss like broken glass on my skin  
and all the greatest loves end in violence  
it's tearing up my voice, left in silence

baby, it hit so hard, holding on to my chest  
maybe you left your mark, reminding me to forget  
it doesn't matter where you are  
you can keep my regret  
cause baby, I got this scars reminding me to forget  
Reminding me, I got this scars, get your love  
Keep reminding me, to forget your love

you left your mark  
you left your mark  
reminding me to forget  
you left your mark  
you left your mark  
you left your mark  
you left your mark  
reminding me to forget  
you left your mark  
you left your mark

there's no room in the war for feeling  
hurt me to core, still healing  
and I know you're no good for me  
so I try forget the memories

baby, it hit so hard, holding on to my chest  
maybe you left your mark, reminding me to forget  
it doesn't matter where you are  
you can keep my regret  
cause baby, I got this scars reminding me to forget

you left your mark  
you left your mark  
reminding me to forget  
you left your mark  
you left your mark  
you left your mark  
you left your mark  
reminding me to forget  
you left your mark  
you left your mark

Remember I told you  
to save it, it's over  
and I'll be alright  
so hurt m as much as you like  
I need you to let go  
I got these mementos  
and I'll be alright

you left your mark  
you left your mark  
reminding me to forget  
you left your mark  
you left your mark  
you left your mark  
you left your mark  
reminding me to forget  
you left your mark  
you left your mark
