

Kyla, Oooh Your Love

When We Kiss Under The Moon
All The Flowers Start To Bloom

I See The Love Begins To Rule
When We Touch, I Can Feel The Heat

My Heart Pumps Up Into The Beat
I Close My Eyes I Fantasize

I Thought The Love Had Ever Died
You Stop The Tears I Cried

[Refrain]
(My Walls Of Heartache Breaks)
Its Breaking My Heart
(You Are My Holiday Babe)
Yes Its You, Ill Say This To You

[Chorus:]
(Oooh Your Love)
So Exciting When You Make Your Move
Deep Inside, I Can Work You So Smooth
(Oooh Your Love)
Love Is Always There
Cant Find The Words To Say
(Oooh Your Love)
Like A Fire Burns In Me Concentrates, Stimulates
(Oooh Your Love)
Loves A Paradise, Driven From The Sky, Baby

You Can Take The Sun And Moon
All I Ever Need Is You
You Made My Dreams Become So True
Ecstasy Cannot Be Measured

My Heart Pumps Up Into The Beat
I Close My Eyes I Fantasize
I Thought The Love Had Ever Died
You Stop The Tears I Cried

[Refrain]
[Chorus]

[Bridge:]
Through The Storm So Nice And Warm
Boy You Know Just What I Want
When I Think About Love
I Run Out Of Breath, I Started To Shake

[Chorus: Til Fade]

crbt2('Kyla','Oooh Your Love')
