

# Kyla, With You

I've been waiting  
For someone just like you  
Someone I can have fun with  
Someone who would be true

Now we don't have to rush baby  
Let's take it real slow  
If you wanna take the time  
You're the man that I wanna know

[refrain:]  
just be the one, the one that I've waited for  
it could be you, the one that I could adore  
just be my man and I'll be yours  
cause I want you to know

[chorus: x2]  
I'd like to fall in love with you  
I'd like to lose myself with you  
I feel so good baby, I feel so good with you

Now I'm happy  
Cause you making me  
I can't stop myself from smiling  
Cause you set me free, oh  
Now we don't have to rush baby  
Let's take it real slow  
Cause that's the way I like it  
Don't want to lose control  
So tell me

[refrain]  
[chorus x2]

let's take our time  
baby there's no rush  
boy you're lookin fine  
I think about a crush, oh[x2]

Don't get all excited  
I'm not making any plans  
I just wanna get to know you  
And all you gotta do is this

[chorus]

crbt2('Kyla','With You')
