

# Kylie Minogue, Almost A Lover (Rbw Cd 1)

Verse 1:

All of the times i think of you  
Is just a poor excuse  
You suffer me in my mind  
Every single day, it's no use

It's in that cool sexy stare  
And the things we never said  
Keeps going round my head  
I think i'm waiting for you  
I think i'm waiting for you....

(chorus)

You're more than a friend, and almost a lover  
It feels so good I can't help but wonder..  
I keep thinking "oooh".. to discover  
You've got the flame, I want the fire

Verse 2:

Acting cool and casual  
checkin' 6pm to say hey (everyday)  
Ebbing closer to broken rules  
and getting carried away

I imagine that your hurt  
Every feeling inside you, hurt  
Can we take it away for you?  
I think im waiting for you  
I think im waiting for you

(Chorus)

It's getting closer to now or never (getting closer)  
It's only us and its clearer  
I can feel it when we're together  
Ooooh..

(Chorus) x 2

I want the fire  
I want the fire  
I want the fire  
Ooh.. wonder  
I want the fire  
I want the fire  
yeah yeah..  
ooh ooh  
yeah yeah  
ooh ooh  
(Repeat)  
You've got the flame, I wan the fire.
