

# Kylie Minogue, For All I'm Worth

Who's telling me?  
Who's wrong or right?  
When I don't come home at night.

No mother  
No Lover

I'm finished with cold claims on me  
I'm not what you want me to be  
No way, hear what I say

Don't keep me apart  
ooohhh from the one I love  
Don't keep me apart  
Don't keep me apart  
From the one I love

Just let me be  
Just let me be  
Just let me be  
Just let me be

For all I'm worth

For all I'm worth

Who's telling us about the babies  
Don't you think it's up to the ladies?

Don't confuse us  
Or abuse us

I don't allow some power freak  
to make me feel small and weak  
No way, hear what i say

Don't keep me apart  
ooohhh from the one I love  
Don't keep me apart  
Don't keep me apart  
From the one I love

Just let me be  
Just let me be  
Just let me be  
Just let me be

For all I'm worth

For all I'm worth

Don't keep me apart  
ooohhh from the one I love  
Don't keep me apart  
Don't keep me apart  
From the one I love

Just let me be  
Just let me be  
Just let me be  
Just let me be

For all I'm worth

For all I'm worth  
Just let me be  
For all I'm worth.
