Kylie Minogue, Heaven And Earth

I don't really wanna be the one To tell you time is running out Because it's obvious Just a move with the right intention Is all that it takes

I don't really need to be the one To tell you things are going wrong Because it's obvious But a step in the right direction Is all that you need

[Chorus:]

You don't have to move heaven and earth You don't have to change overnight There's never been a better time To make up your mind And put this thing right

I don't mean to say that we were wrong But we know we need some new attention But just look with a new dimension Is all that it takes

[Chorus]

Everybody knows where they can make A change or two
To help the situation
Just a step with a good intention
Is all that it takes

[Chorus 2x]
