

# Kylie Minogue, My Image Unlimited

Oh, here we go again  
Seems I'm back and smilin'  
Are you talkin bout my new boyfriend?  
Or bout how I got the other guy way back then?  
You did it, you didn't miss it  
Went to the newstand and you bought it  
You caught it, you watched it  
Everywhere it was broad cast

There's always enough of me to go around  
(My image unlimited)

Chorus:  
Oh, that's how my story goes  
But you already know  
I'm stuck in your head  
(My image unlimited)  
Oh, you must like what you see  
I make it look easy  
Over your cup of tea  
(My image unlimited)

I'm into continental  
Or sometimes sentimental  
Never ever accidental  
Do it, the purest  
Do you know who for sure is?  
Think my life's a fantasy  
Fascinated what they see about me  
My heart's a breakin  
Oh who I'm dating  
You know before I do  
What I'm sayin'

There's always enough of me to go around  
(My image unlimited)

(Chorus)

My image  
My image  
My image  
My image

There's always enough of me to go around  
(My image unlimited)

(Chorus x2)
