

# Kylie Minogue, Telltale Signs

1: You never send me flowers  
You don't wanna hold my hand  
When I was sad or lonely  
You used to understand  
Maybe these are the tell tale signs  
Of our love slipping away

2: You never say you love me  
You never kiss me anymore  
When I come home late  
You never meet me at the door  
Maybe these are the tell tale signs  
Of our love slipping away

3: Anniversaries come and go  
They're just another day

Remember when our love was new  
The promises we made  
Love was so exciting  
The feelings were brand new  
But that's another place and time  
And another you

4: Can there be a happy ending  
Is there any turning back  
Or have we fallen into  
That same old lover's trap  
We see all the tell tale signs  
Let's stop our love slipping away  
We've seen all the tell tale signs  
Of our love slipping away
