

Kylie Minogue, Your Disco Needs You

Your disco, your disco, your disco needs you!
Your disco, your disco, your disco needs you!
Your disco, your disco, your disco needs you!
Your disco, your disco, your disco needs you!

Desperately seeking someone willing to travel
You're lost in conversation and useless at Scrabble
Happiness will never last comes to kick your ass
So lets dance through all our fears
War is over for a bit
The whole world should be moving to your heart
Your lonely heart

Your disco, your disco, your disco needs you!
Your disco, your disco, your disco needs you!

We're sold on vanity but that's so see through (see through)
Take your body to the floor, your disco needs you
From Soho to Singapore, from the mainland to the shore

So lets dance through all our fears
War is over for a bit, you're a slave to the rhythm to your heart
You're a lonely heart

Oooh Oooh Oooh Oooh
Oooh Oooh Oooh Oooh
Oooh Oooh Oooh Oooh
Ah-aaaahhhhhhh
Oooh Oooh Oooh Oooh
Oooh Oooh Oooh Oooh
Oooh Oooh Oooh Oooh
Ah-aaaahhhhhhh

Your disco, your disco, your disco needs you!
Your disco, your disco, your disco needs you!
Your disco, your disco, your disco needs you!
Your disco, your disco, your disco needs you!

Ah-aaaahhhhhhh
So lets dance through all our fears
War is over for a bit, the whole world should be moving to your heart
You're a lonely heart

Your disco, your disco, your disco needs you!
Your disco, your disco, your disco needs you!
Your disco, your disco, your disco needs you!
Your disco, your disco, your disco..

Needs... you!
