

# Kyuss, Window Of Souls

Two worlds separate us  
I'm alone and waiting -  
Waiting for you  
Little princess  
Come by my side  
Come around  
Come around to me  
Endless waiting for you  
Time has held me back no more  
End is waiting for you  
No one can keep me from you  
My life long dream  
Come to me for sure  
Vowed eternal soul  
Now envelope me...  
I offer thee all...  
All for you  
Soul stealer, it's time to be  
Spirit away now...
