

Kzone, Turn Around

Turn, turn, turn, turn, turn around boy (x2)

I know you wanna'nnoy me every second of my life
But you can not annoy me every second of my life
So instead of talking to my friends
Just turn around

Chorus: Turn your body around
Turn' turn
Turn it around
Turn, turn

Before I left you wanted to be my boyfriend again
When I got back you were messin around with Ashley's head
I can't get your face, out of my head
But you are so stupid; I wish you were dead

Chorus (x2)

Turn around (x2)
