

L.Stadt, UFO

Shakin like a leaf on the desert heat,
his daddy's got a bog that's hard to beat
Bought me a ticket got a front row seat.
I'm checkin out the show with a glassy eye.
Looking at the sun dancing through the sky.
Did he come by UFO?

Lotta tricks were pulled in a book I read.
Only man I know that got up from the dead.
Lotta people living by the words that he said.
I'm checkin out the show with a glassy eye.
Looking at the sun dancing through the sky.
Did he come by UFO?

Think he'll ever come again a different way
and maybe he has come and gone while I was away.
Too much goodness is a sin today.
I'm checkin out the show with a glassy eye.
Looking at the sun dancing through the sky.
Did he come by UFO?

There is something happening that isn't too clear.
Just a little different than in previous years.
I think that happiness is getting very near.
I'm checkin out the show with a glassy eye.
Looking at the sun dancing through the sky.
Did he come by UFO?
